# ABOUT US

Established in 1991, Computek College is one of Ontario's fastest growing regulated career colleges — proudly serving diverse learners for 35 years.

With three campus locations across Ontario — Toronto, Markham, and Ajax — Computek provides flexible, practical programs that helps our students confidently enter Canada's workforce.

We offer diplomas, certificates, and postgraduate programs in healthcare, business, and technology taught by industry experts to meet the fast-changing demands of Canada's labour market.

We know that accessibility matters. That is why our programs are offered in flexible formats — in-person, online, or hybrid — so our students can learn in a way that fits their professional journey and life goals.

Computek's holistic training prepares students to succeed professionally and personally, rooted in respect, dignity, and opportunity.

Everything we do comes back to three timeless values:

**Empowerment, Changing Lives, Home**

# MESSAGE FROM THE CEO

Welcome to the Computek community.

For 35 years, Computek College has stood as a beacon for learners from all walks of life, especially people starting over with new beginnings in Canada. Here, we do more than just teach skills: we build confidence, foster belonging, and create the kinds of pathways that lead to real success in the workforce and in your community.

At Computek, you are part of a truly diverse learning community grounded in our vision to activate global connections through deeply human experiences.. This vision guides everything we do: from our academic programs to the support you receive from faculty and staff committed to your success.

As you embark on this chapter, I encourage you to engage fully, challenge yourself, and take pride in the path you are creating. You are not just earning a credential; you are shaping your future.

**Kumaran Nadesan**

# When life feels heavy, we've got your back.

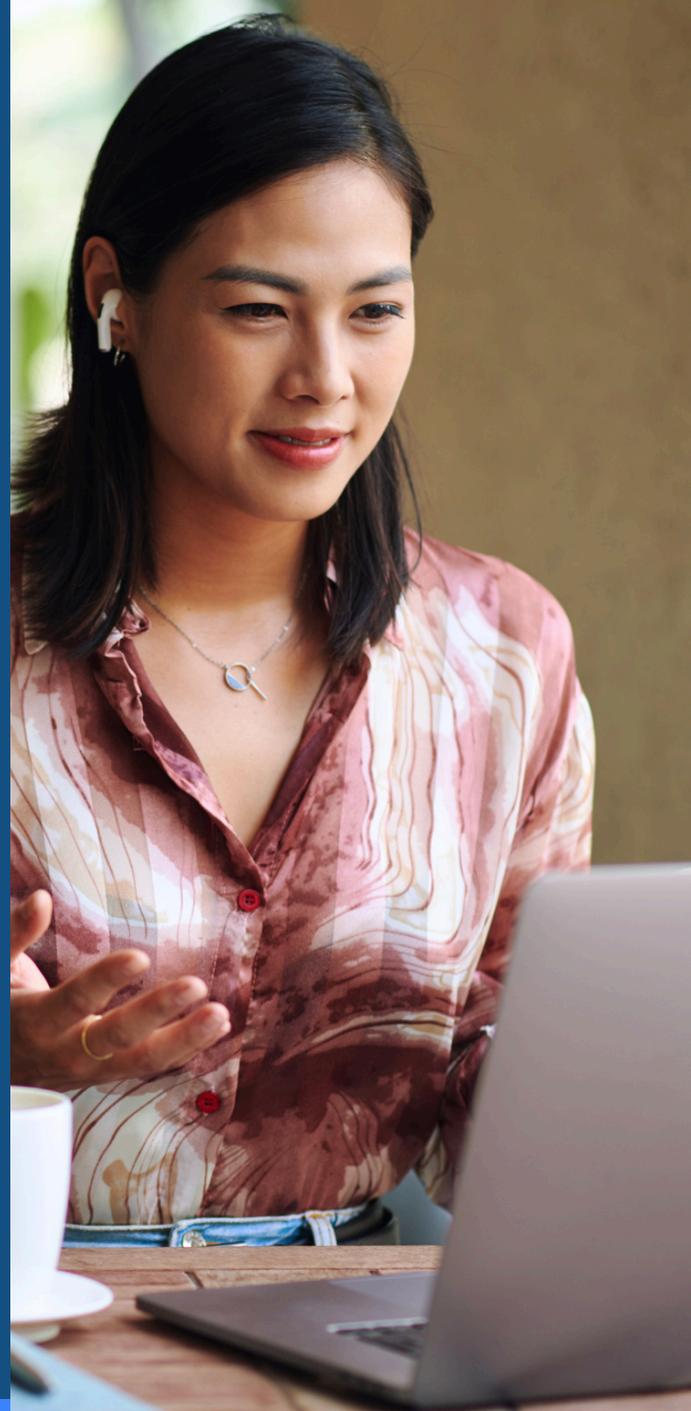

To be human means to experience a cycle of highs and lows at different points in your life. While student life can offer so much excitement, it can also be challenging for some, especially when navigating other aspects of life that are just as important.

At Computek College, the mental health and well-being of our community remain a top priority. That's why we've partnered with **MindfulWe Holistic Psychotherapy** to ensure our students get the support they need.

# What to expect from MindfulWe Services:

- Students will be connected with a counsellor for a private and confidential conversation(s).
- Virtual sessions (video or phone) will be scheduled at a time that is mutually agreed upon by you and the therapist.
- Conversations with a counsellor are 100% private and confidential and will not be reported to insurance companies, college administration, or parents/next of kin.

**Therapy service is free for Computek Students**

Visit [mindfulwe.life](https://mindfulwe.life) or email [tharshiga@mindfulwe.life](mailto:tharshiga@mindfulwe.life) to book a consultation.
